Notice to Cigarette Dealers
Minimum Price List #18

Publication 508, *Minimum Price List #18*, can be used when manufacturers increase their prices or when there are excise tax changes affecting the minimum prices of cigarettes. Please note that these are minimum prices. You must charge your customers the minimum price reflected on this list, or any price in excess of the minimum. To find your correct minimum selling price, simply go to the line showing the agent's basic cost and read across for your proper business category. As the agent's cost increases, the appropriate minimum prices are reflected in each category. The basic cost of cigarettes is, generally, the invoice cost of cigarettes to the agent who purchases from the manufacturer, less trade discounts, except cash discounts, plus the full face value of tax stamps required to be affixed. The prices listed do not include the sales tax.

Effective Dates

The effective date of a higher minimum price due to a manufacturer's price increase or an excise tax increase is the second Monday after the increase is announced, or the date the manufacturer's increase or the excise tax increase takes effect, if later.

If, after one manufacturer announces an increase, the other manufacturers also increase their prices **before the second Monday after the initial increase is announced**, then those increases will also be effective on the Monday.

Each time a manufacturer's price increase occurs or an excise tax increases, you will be notified of the changes in the presumptive minimum prices on **standard brands** on Form CG-42.1, *Agents Minimum Wholesale Cigarette Price List*, and Form CG-43.1, *Minimum Retail Cigarette Prices*, which also state the effective date(s) of the price change.

In determining the minimum prices for cigarette sales, the mark-ups to be used, unless satisfactory proof of a lesser cost of doing business is submitted and accepted by the department, are as follows:

Standard and Nonstandard Brands

1) Agent to wholesale dealer - 7/8%

2) Agent to chain store - 1 1/2%

3) Agent to a retail dealer - 3 7/8%

4) The minimum mark-up to the consumer is 7% of the sum of the basic cost of cigarettes plus the cost of doing business by the agent with respect to cigarettes sold to retail dealers.

If you are not an agent and do not know the agent's basic cost, you can determine the presumptive percent mark-up to be applied to your invoice cost before any cash discount, by subtracting the percentage shown in the seller's column from the percentage shown in the buyer's column, or:

1) Wholesale dealer to chain store - 5/8% (1½% - 7/8%)

2) Wholesale dealer to retail dealer- 3% (3 7/8% - 7/8%)

3) Chain store to retail dealer - 2 3/8% (3 7/8% - 1 1/2%)

4) The minimum mark-up to the consumer is 7% above the retail dealer's invoice cost prior to any cash discount.

Any violation of Tax Law Article 20-A (Cigarette Marketing Standards Act) is a Class B misdemeanor. You may not induce, or attempt to induce, or procure cigarettes or sell cigarettes at a price less than the minimum price set by law. You may not ask for, offer or receive any rebate or concession of any kind in connection with the purchase of cigarettes.

Violations of the Cigarette Marketing Standards Act (CMSA) may result in the suspension of an agent's or wholesale dealer's license for up to 30 days and/or the imposition of a fine not to exceed $20,000 for a first offense. Subsequent violations within three years may result in license revocation, or license suspension for up to 60 days and/or a fine not to exceed $50,000.

Note: Custom stamping, i.e., the affixing of cigarette tax stamps by one agent for, or on behalf of, any other agent also includes the sale of stamped cigarettes by one agent to another agent. Custom stamping is prohibited without the prior written authorization of this department. See also Cigarette Tax Regulations (Title 20NYCRR)§334.3(a)(3). Violations of this provision may result in the revocation or suspension of the agent's license(s), pursuant to Article 20 of the Tax Law.

Adjustment to Price Increases

As the manufacturers increase their prices, you must increase your prices correctly as required by Article 20-A of the New York State Tax Law.
